DETAILED ACTION

Claims 1-6 and 9 have been amended. Claims 1-10 are pending and under consideration.

Claim 1 is objected to for reciting "said E2F peptide has is".

Claim 1-10 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 1-6 and 9 have been amended to incorporate the limitation of E2F polypeptide as having the sequence of "human" E2F1-5 and "human" P/CAF. The specification contemplates the five identified members of the E2F family as E2F1-5 on page 7, lines 10-11. The specification contemplates E2F peptides as fragments of E2F1-5 on page 12, line 16 to page 13, line 5. The specification sets forth mutants of "human E2F1", lines 13-17, wherein said mutants comprise deletions and point mutations only; however this does not provide support for the amendment to "human" E2F1 through E2F5 polypeptides or peptides comprising fragments of "human" E2F1-5. Further the specification contains no references to "human" P/CAF. One of skill in the art would reasonably conclude that applicant was not in possession of the claimed assay method at the time the application was filed.

All other rejections and objections as set forth in Paper No. 17 are withdrawn.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 1642

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
